This is your chance to get in on something that could seriously affect your wealth for the better! If followed correctly you could quickly receive the immense benefits of not only participating, but also be earning a second income.

**The Income Benefits of this Unique Business are explained further on in this eBook Report, But to help explain it better, We'd first like you to understand how the process works and the product**

**...Then more importantly and ultimately how you can MAKE MONEY**

**“Stop wasting your money and throwing it down the gutter on countless lottery tickets every week that hardly win you anything!”**

Of course. But make no mistake! Our '[www.cleverlotto.co.uk](http://www.cleverlotto.co.uk)' '**MULTI-WIN SYNDICATE SYSTEM**' is nothing like any syndicate you may have played in before. It's unique... Giving you a fun, hassle-free way to play online every week and a huge, proven, mathematical advantage over playing the lotteries on your own the normal way.

In fact, so huge an advantage you have a massive **702%** greater chance of scooping a UK National Lotto jackpot and an even better **3,600%** greater chance of scooping a EuroMillions jackpot!

And anybody can join our system, from anywhere in the world, as thousands have done already from **133** different countries.

**“Don't believe us me? Then check out what the members had to say...”**

"I'd been a fairly regular National Lottery player ever since it began back in '94; In 8 years I never won more than £200 total.

I'm so impressed with the Multi-Win Syndicate System because the numbers really do add up. In the last 90 draws I have won £752.44. That averages £8.36 every single draw!"

**Neil Verlander - Worcestershire, UK**

"I played the UK Lotto very often and, of course, I hoped to win the jackpot. So when I first saw E-Lottery's e-Lottery system I thought: This is it! I live in Slovakia and thanks to E-Lottery I am able to play the Lotto and now the Euro Millions - and best of all, I play for free!

Being among the top 10 E-Lottery recruiters is great. I build my downline deep and help my group members and that's why I am where I am. Thank you E-Lottery and thanks also go to my group."

**Marian Hlinka – Trebatice, Slovakia**

"Since I joined E-Lottery I have had nearly 60 wins. Only a few weeks ago my syndicate won £6,661 and within 48 hours I had the cheque for my share of the winnings.

From my experience that is typical of the efficient way E-Lottery conducts its operation. I have won far more in the last 2 years since I joined E-Lottery than I did in the 5 years before when I played the Lotto as an individual. And I do not even have to remember to buy a ticket; I automatically have my 44 lines in each draw. All I have to do is wait for the e-mail that tells me I am a winner. I do not know an easier or better way to play the Lotto."

**Dave Bromley - UK**

**"Is THIS for real?"**

- Is it really possible to win the lottery every week?
- Can anyone really predict that with 100% certainty?

If that were possible and a system was available to guarantee it then wouldn't everyone want to get in on the act? And if they did of course then the very foundation of lotteries worldwide would crumble. There would be more expenditure than income. Not a very viable business venture I think you'll agree?

**"Simple - We do win the lottery every week!"**

- The fact is...literally anyone can do this. You can do this!
- It's not only Legal...  
...it's totally ethical and is based upon the worlds richest lotteries

**A CASH PRIZE EVERY 46 SECONDS**

Yes, that's right. In the last 4 weeks, [www.cleverlotto.co.uk](http://www.cleverlotto.co.uk) has won 52,635\* cash prizes for its members. Which (for all our statisticians out there) works out at 4,386 prizes **EVERY DRAW**. Or a cash prize every 46 seconds!

### All This for.... £5 A Week Per Syndicate

For a single Syndicate, **just £5 a week!** There's...

**NO** joining fee

**NO** hidden costs

**NO** deductions from your winnings

Compare that to the cost of playing the games normally on your own...

**UK Lotto:** £1.00 per line  
**EuroMillions** : £1.50 per line

That's the cost of just a measly **single line entry!**

### **“Outstanding Value For Money”**

With an e-Lottery UK Syndicate on the other hand, you play **88 lines for £5** (44 x 2 draws), and with a Euro Syndicate, **36 lines for £5.**

The same would cost **£88** Per Week For UK Lotto  
And **£54** Per Week for the EuroMillions Lottery

### **That Is an astonishing £142 Per Week Value for your Money**

You can see how much **better value for money** playing the ‘Clever Lotto’ way is than playing the normal way.

**That said, just the same as playing normally, with [www.cleverlotto.co.uk](http://www.cleverlotto.co.uk) there's...**

**NO** commitment

**NO** contract

Of course, if you want to, you can play in both a UK *and* a Euro Syndicate at the same time to **maximize your winning chances...**

That costs **£10 a week** for all three draws, equivalent to £3.33 per draw , giving you in total **124 chances of a jackpot win every single week.**

So there it is... the [www.cleverlotto.co.uk](http://www.cleverlotto.co.uk) 'Multi-Win' Syndicate System for the **UK National and EuroMillions Lotteries.**

-  **NO MORE** mislaying or losing your tickets
-  **NO MORE** forgetting to check your tickets
-  **NO MORE** having to collect your winnings back
-  **NO MORE** incorrectly checking your tickets
-  **NO MORE** forgetting to collect your winnings

**But wait!... can it gets even better....?**

"I used to work long shifts at my local pub at ridiculous wages just to get by. That was until I [www.cleverlotto.co.uk](http://www.cleverlotto.co.uk) . Since joining in July [2004] I've managed to build a team of over 130 people which pays me double the wages I was getting back then, and I work for myself!!

I now play the UK Lotto and EuroMillions for free and have won dozens of times. There's just no way to describe what a great system this is and I believe there should be nobody out there who isn't involved."

**Thomas Baxter - Midlothian, UK**

"Just a few months ago and with just an hour or two to spare each week I set the seeds for a phenomenal business.

Now I'm reaping the benefits with regular wins and an on-going residual income which means it just keeps coming in even for the months when I do nothing!

This business involves no paperwork and is just about as automatic as a business can be! Do you have a couple of hours a week to spare?"

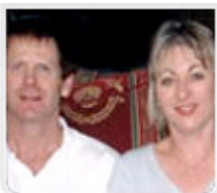

**Paul E. Watts - Shropshire, UK**

"I have been a member for over one year now and as well as being very financially rewarding for me, it also gives me the confidence that absolutely anything in life is possible!!

I have a group of 600 people, which has allowed me to buy my dream car [a Honda S2000] and pay the mortgage on a brand new flat. This is truly the most amazing opportunity to generate passive income and play the lottery a clever way. Thank you E-Lottery!!!"

**Yogesh Jathani, Manchester, UK**

"The Business Development Meeting was super professional and during this one day we have made several friends who have been very helpful. We feel we're part of a family and not just a business.

Although we haven't been E-Lottery members for long we are getting responses from around the world and we've sponsored people in Australia and the UK. That tells us that this business is going to go straight through the roof.

E-Lottery is everything we hoped it would be. It's great."

**Karen Hope & Phil Green - Perth, Australia**

“I’ve now been a satisfied member of E-Lottery since April 2002 and in just that short time I’ve banked over £26,000 in commissions and around £4,000 in cash lotto winnings! Every penny was put into my bank and recently used to secure a handsome deposit for my new house.

My ongoing monthly commissions now amazingly pay for my mortgage and all my utility bills! I now have a large group, but still only aim to introduce a couple of people every month!. I can’t believe all this is happening for only £5 a week! Simply amazing!”

### **NEIL "VA-VA-VOOM" VERLANDER**

Two years ago, Neil Verlander walked into a local Mercedes-Benz showroom and saw his ideal car: a magnificent, metallic-blue SL 350 with a price tag in excess of £50,000 — more than he could afford for a car at the time.

He sat in it and made his mind up there and then — based on the colour, the leather, the wheels and the accessories — that one of his goals would be to own this type of car within the next couple of years.

So to help set this goal in motion, he asked his partner Gigi to take a picture of him with the car (top right, taken Oct '04). Photos are an important part of Neil's goal-setting strategy.

Well, two years later, Neil's [www.cleverlotto.co.uk](http://www.cleverlotto.co.uk) income had grown by a remarkable 500%... and this is his story about his new car (bottom right, taken Nov '06).
